## YOUR SAY

### HANDS DOWN

Please give me a reason why commentators, comperes and newsreaders have to talk with their hands? I didn't realise they were actors!  
**Michael, Carlisle**

### BETTER LATE THAN NEVER

To Chris of Carnamah (Your Say 20/10), I've also had much experience in marriages and my advice is to wait until you're

over 60 to get hitched to a partner of a similar age. At that stage of life there's no in-laws or step kids to complicate life and you're just bloody grateful for the company!  
**Hilda, Kinross**

### SAD AFFAIR

I watched the ABC's 7.30 Report and was horrified to learn about the death of horses condemned to the knackery. It is appalling.

How can the owners look at themselves in the mirror? Shame! I would be happy to contribute to a retreat for these retired horses where they can spend their days away from the brutality that faces them.  
**Judith, Perth.**

### LATER IS TOO LATE

The Late Show With Stephen Colbert is perhaps the best show on TV, yet the repeats of The

Project push it back to sometimes around 1am.  
**Denis**

### DON'T CHANGE

It's good to know Telethon is still being broadcast all weekend and hasn't been "updated" to a one-hour special. I have great memories of staying up all night with my friends to watch it. We'd carpet the lounge room in sleeping bags, eat junk food and

try to stay awake long enough to see the late-night shenanigans. Well done Channel Seven for not changing the format.  
**Kelly, Duncraig**
